GENEALOGISTS ARE THE CHOSEN ONES

By William Glendining, Northern Ireland, "The Story Tellers".

We are the chosen ones. My feelings are that in each family there is one who seems called to find the ancestors. To put flesh on their bones and make them live again; to tell the family story and to feel that somehow they know and approve.

To me, doing genealogy is not a cold gathering of facts but, instead, breathing life into all who have gone before. We are the storytellers of the tribe. All tribes have one. We have been called as it were by our genes. Those who have gone before cry out to us: "TELL OUR STORY". So we do.

In finding the, we somehow find ourselves. How many graves have I stood before now and cried? I have lost count. How many times have I told the ancestors you have a wonderful family and you would be proud of us? How many times have I walked up to a grave and felt somehow there was love there for me? I cannot say.

It goes beyond just documenting facts. It goes to who I am, and why I do the things I do. It goes to seeing a cemetery about to be lost forever to weeds and indifference and saying I cannot let this happen. The bones here are bones of my bone and flesh of my flesh. It goes to doing something about it. It goes to pride in what our ancestors were able to accomplish. How they contributed to what we are today. It goes to respecting their hardships and losses, their never giving in or giving up, their resoluteness to go on and build a life for their family.

It goes to deep pride that they fought to make and keep us a Nation. It goes to a deep and immense understanding that they were doing it for us, so that we might be born who we are...that we might remember them. So we do.

With love and caring and scribing each fact of their existence, because we are them and they are us. So, as a scribe called, I tell the story of my family. It is up to that one called in the next generation to answer the call and take their place in the long line of family storytellers.

That is why I do my family genealogy, and that is what calls those young and old to step up and put flesh on the bones.

FROM AUDREY DeMANN, COMPILER OF THE BIRTH AND DEATH RECORDS IN RICE GLEANINGS:
The Index of Birth and Death Records, having been done by Rice County Genealogical Society member Audrey DeMann, is now completed. The plan was to print a few of the earliest births and deaths in the hope someone might be helped in finding names of ancestors. The Rice County Records are found in the Government Center in Faribault, MN. One is not allowed to photo copy these records. Hopefully the work was copied just as printed, including, I'm sure, some misspellings, etc. The copies are from only the First Book beginning in 1870. "Blackened out" lines in the birth records indicate illegitimate births which originally were printed but, at a later date, the record keeper was advised to "black them out."

SECURING DOCUMENTATION FOR YOUR RECORDS

Some of us who are family genealogists/researchers many times find the usual resources for finding documentation are no longer available, i.e., court houses have burned, churches have closed, other documents have been sealed, etc. There are also restrictions here in Minnesota covering who can request certified birth certificates and certified death certificates. Basically, you can no longer request certified copies of records for your great-grandparents, aunts, uncles, cousins, etc., from the State of Minnesota or from your county for documenting your genealogical records. (However, you can make hand-written copies of these records by visiting your local government center/court house and many will allow you to take your camera in the records room to take pictures of the actual entries. These, of course, are not certified, but you can cite the record's location giving the book, page, line and entry numbers for proof.)

For certified birth certificates, it is necessary for you to state on the application if you are the subject (requesting your own document), are the parent, child, grandparent, spouse or grandchild of the subject of the document, are a representative authorized by the subject (must have a notarized statement in addition to the application), filed the birth record, or are the legal custodian, guardian or conservator of the subject (in these last cases, must present legal documentation). Others such as administrators of an estate, an attorney, holder of a court order, etc. can also request birth certificates.

Certified death certificate applications must state if you are the child of the subject, a spouse, parent, grandparent or grandchild of the subject, or are responsible for filing the death record, the legal custodian, guardian or conservator of the subject (again must present legal documentation), a personal representative if a copy is needed to administrate an estate, etc.

Currently, the cost for the first certified copy of a birth certificate is \$13 with \$7 for each additional copy of the same record issued at the same time; for the certified death certificate the cost is \$10 for the first copy and \$4 for each additional copy of the same record issued at the same time.

However, the DAR has published "Suggested Sources for Documenting Recent Generations" which shows alternate documentation which could prove helpful. They are

THE FOLLOWING IS INFORMATION NEEDED FOR THOSE WISHING TO BECOME A MEMBER OF
THE MINNESOTA TERRITORIAL PIONEERS:

Minnesota Territorial Pioneers

Suite 328

176 Snelling Avenue North

St. Paul, Minnesota 55104

Thank you for your interest in the Minnesota Territorial Pioneers, Inc. (MTP). Expanding our membership of Territorial Pioneer descendants and documenting Territorial Pioneers are two of the primary purposes of our organization.

Attached is a MTP membership application form. We appreciate your cooperation in completing the entire form, front and back, along with supporting documentation and returning it to us by mail. The enclosed application form entries are considered the absolute minimum data required for membership. Since another purpose of this organization is to obtain and preserve information about Minnesota Territorial Pioneers, it is strongly recommended that you also provide complete lists of descendants and any family stories passed down from your ancestors about daily pioneer life or events.

The following two criteria must be met for any applicant to be recommended for membership. First, that the Pioneer Ancestor is documented in a publication that was produced during the Minnesota Territorial era or immediately after. This documentation can be a copy of the original document or an exact and detailed location in writing of where it can be found. Secondly, that the applicant can trace his/her direct ancestry in writing from that Minnesota Pioneer. Documentation for this can be dates and places of marriages, dates and places of births, certificates of Baptism, certificates of marriage or any other official records. While actual documents are not required to meet these criteria, a location of where these records can be found is required. Copies of these records will also be accepted. Each application must stand on its own merit.

A five (5) dollar *non-refundable* processing fee must be paid when the application is submitted. The Membership Committee investigates and researches the application and supporting documents and then recommends acceptance or rejection to the Board of Directors, who votes to recommend or reject the application. The Board's recommendations are submitted to the General Membership at the Annual Membership Meeting every May for acceptance or rejection.

For more information please contact Mary Casebolt, MTP Secretary, by telephone at (651) 379-1849 and leave a message, or via e-mail at mnterritorialpioneers@hotmail.com.
